To Court

This serves as notification to the courts that the courts have failed to notify me of any and all court proceedings of actions that have taken place in court in Hennepin County for well over 2 years in regards to my children's trusts that were left by my parents. Per the previous court orders i was to be notified ,I am listed as Pro Se. This is a clear violation of Due process,My rights, as well as a violation of previous court orders . My ex husband and his attorney Lisa Elliot were well aware of this as it was mentioned in a recent hearing in another county which is how i became aware , By there own admission to the courts there is clear fraud happening. I intend to follow up and file in regards to my Due process rights, and court orders that have been violated..

It is clearly on the record that I do not have an email and have not had one for approx 5 years.  
I do not have a attorney and have been listed as Pro Se  
I have never signed up for any e-file service.

I respectfully request that the Hennepin County courts immediately stop another future actions in this court file.Until this matter and others are handled.

Sandra Sue Grazzini-Rucki
